AMANDA BALKE

How to Conduct Research and Write a Thesis

Writing a thesis is often a struggle. How to choose a suitable topic, and how to apply the appropriate methodology? How does one find a suitable theoretical framework? Which citations should be included? And how does one determine which information deserves to be mentioned in the concluding remarks? This basic guide will help you with all basic questions you'll have, including how to structure the discussion and how to include the right information in the appendices.

This step-by-step guide is suitable for all students of all levels and disciplines. It will guide you safely and smoothly through the entire research and writing process.

Amanda Balke works full-time as an external thesis supervisor for several companies. She studied Cultural Studies and History (BA and MA) in Amsterdam.
